

■Ryoichi Tsuchiya Memorial Lecture I

JULY 7 (14 : 30–15 : 00) Room 1 (Main Hall, 1F)

Moderator : Yoshifumi Takeyama (Kindai University, Japan)

ML1 Strategy utilizing death receptor mediated apoptosis in pancreatic cancer

..... Ashok Saluja (University of Miami, USA)

■Ryoichi Tsuchiya Memorial Lecture II

JULY 7 (16 : 20–16 : 50) Room 1 (Main Hall, 1F)

Moderator : Masao Tanaka (Shimonoseki City Hospital, Japan)

ML2 The role of the microbiome for the pancreas

..... Markus Lerch (LMU University Hospital, Germany)

■Special Lecture

JULY 9 (14 : 10–14 : 40) Room 1 (Main Hall, 1F)

Moderators : Yoshifumi Takeyama (Kindai University, Japan)

Matthias Löhr (Karolinska University, Sweden)

SL Management of exocrine pancreatic insufficiency due to pancreatic and digestive surgery

..... Gubergrits Natalya (Donetsk National Medical University, Ukraine)

■IAP Lifetime Achievement Award Lecture

JULY 7 (13 : 30—14 : 00) Room 1 (Main Hall, 1F)

Moderator : Santhi Vege (Mayo Clinic - Rochester, USA)

AL1 Pancreatology : an attractive and important subject in
gastroenterology

..... Tooru Shimosegawa (South Miyagi Medical Center, Japan)

■Palade Prize Award Lecture

JULY 7 (14 : 00—14 : 30) Room 1 (Main Hall, 1F)

Moderator : Pramod Garg (All India Institute of Medical Sciences, India)

AL2 Acute Pancreatitis : New Therapies Based on New
Pathophysiological Insights

..... Ole Petersen (School of Biosciences, Cardiff University, UK)

■IAP Presidential Lecture

JULY 8 (13 : 30—14 : 00) Room 1 (Main Hall, 1F)

Moderator : Tooru Shimosegawa (South Miyagi Medical Center, Japan)

IAP-PL IAP Presidential Lecture

..... Yoshifumi Takeyama (Department of Surgery, Kindai University,
Japan)

■JPS Presidential Lecture

JULY 9 (13 : 05–13 : 35) Room 1 (Main Hall, 1F)

Moderator : Shinji Uemoto (Shiga University of Medical Science, Japan)

JPS-PL JPS Presidential Lecture

..... Kyoichi Takaori (Nagahama City Hospital Network, Japan)

■Seiki Matsuno State-of-the-Art Lecture

JULY 7 (16 : 50–17 : 20) Room 1 (Main Hall, 1F)

Moderator : Michiaki Unno (Tohoku University, Japan)

SA2 Overcoming the tumor microenvironment barrier in PDAC for effective therapy : What is the target?

..... Dan Duda (Massachusetts General Hospital and Harvard Medical School, USA)

■Tadashi Takeuchi State-of-the-Art Lecture

JULY 8 (14 : 00–14 : 30) Room 1 (Main Hall, 1F)

Moderator : Yoshifumi Takeyama (Kindai University, Japan)

SA3 Acute Pancreatitis and Organ Failure

..... Pramod Garg (All India Institute of Medical Sciences, India)

■Daniel Lognecker's State-of-the-Art Lecture

JULY 9 (7 : 10–7 : 30) Room 3 (Room B-1, 2F)

Moderator : Kyoichi Takaori (Nagahama City Hospital Network, Japan)

SA1 The World is Not Flat! A “clearer” three-dimensional view of
pancreatic cancer

..... Ralph Hruban (The Johns Hopkins University, USA)

■Meet the Experts

JULY 9 (7 : 10–8 : 40) Room 5 (Room C-1, 1F)

Moderators : Kazuichi Okazaki (Kansai Medical University Kori Hospital, Japan)
Heiko Witt (Else Kröner Fresenius-Center for Nutritional Medicine,
Technical University, Germany)

ME-1 Genetic risk factors suggest mechanism-based therapy in pancreatitis
..... Miklós Sahin-Tóth (University of California, Los Angeles, USA)

ME-2 Guidelines for the management of IgG4-related diseases with special
reference to autoimmune pancreatitis

..... Matthias Löhr (Karolinska Institutet, Sweden)

■Round Table Discussion

Past, Present and Future of Pancreatology

JULY 7 (15 : 10–16 : 10) Room 1 (Main Hall, 1F)

Discussants : Kyoichi Takaori (Nagahama City Hospital Network, Japan)

John Windsor (Faculty of Medical and Health Sciences, University
of Auckland, New Zealand)

Matthias Löhr (Karolinska Institutet, Sweden)

■PanCAN Award

JULY 9 (14 : 35–15 : 20) Room 6 (Room C-2, 1F)

Moderators : Junji Furuse (Kanagawa Cancer Center, Japan)

Kyoichi Takaori (Nagahama City Hospital Network, Japan)

- | | |
|------|---|
| PCA1 | Expression phenotypes of GATA6 and CK5 stratify the survival of pancreatic cancer
..... Takashi Kokumai (Tohoku University, Japan) |
| PCA2 | Plasma miR-370 upregulation is associated with poor prognosis of patients with pancreatic ductal adenocarcinoma.
..... Takumi Harada (Hiroshima University, Japan) |
| PCA3 | Research for new biomarkers in patients with pancreatic ductal carcinoma
..... Sho Uemura (Keio University, Japan) |
| PCA4 | Single cell RNA sequence-based evaluation of the mechanism of CAF-related chemo-resistance of PDAC
..... Yuki Mochida (Kyushu University, Japan) |
| PCA5 | Impact of supervised exercise therapy on adjuvant therapy for pancreatic cancer
..... Ken-ichi Okada (Wakayama Medical University, Japan) |

■Cancer board

Pancreas cancer board in collaboration with International Pancreas Conference Ltd

JULY 7 (7 : 10–9 : 00) Room 2 (Room A, 2F)

Moderators : Christopher Wolfgang (NYU Langone Health, USA)

Robert Grützmann (University Hospital Erlangen, Germany)

Kyoichi Takaori (Nagahama City Hospital Network, Japan)

- | | |
|------|---|
| CB-1 | A de novo resectable PDAC with a high CA 19.9
..... Marc Besselink (Amsterdam UMC, The Netherlands) |
| CB-2 | A borderline resectable PDAC where the emphasis of discussion is on therapy integration
..... Robert Grützmann (University Hospital Erlangen, Germany) |

- CB-3 A locally advanced PDAC that requires arterial resection
..... Marco Del Chiaro (University of Colorado School of Medicine, USA)
- CB-4 An oligometastatic PDAC at initial presentation (or a patient with positive peritoneal cytology as a sole manifestation of metastatic disease)
..... Christopher Wolfgang (NYU Langone Health, USA)
- CB-5 A metastatic patient who has failed both gemcitabine and fluoropyrimidine therapy and is attempting to use molecular profiling to guide therapy
..... Vince Picozzi (Jones Cancer Institute, USA)
-

■AOPA-IAP-JPS Joint Symposium I

Pancreatology in Japan and China, part 1

JULY 8 (14 : 40–16 : 00) Room 1 (Main Hall, 1F)

Moderators : Masanori Sugiyama (Tokyo Rosai Hospital/Kyorin University, Japan)

Huaizhi Wang (University of Chinese Academy of Sciences, China)

- JSY2-1 National registry of pancreatic cancer in China
..... Wenming Wu (Peking Union Medical College, China)
- JSY2-2 TBA
..... Jishu Wei (Pancreas Center, The First Affiliated Hospital of Nanjing Medical University, China)
- JSY2-3 Japanese investigations for pancreatic ductal adenocarcinoma concomitant with IPMN
..... Takao Ohtsuka (Kagoshima University, Japan)
- JSY2-4 A comparison of Japanese and Chinese guidelines for pancreatic cancer
..... Takuji Okusaka (National Cancer Center Hospital, Japan)

■AOPA-IAP-JPS Joint Symposium II

Pancreatology in Japan and China, part 2

JULY 8 (16 : 10–17 : 40) Room 1 (Main Hall, 1F)

Moderators : Takao Itoi (Tokyo Medical University, Japan)

Wenming Wu (Peking Union Medical College Hospital, China)

JSY3-1 TBA

..... Huazhi Wang (Institute of Hepatobiliary Surgery, Southwest Hospital, Army Medical Universit, China)

JSY3-2 TBA

..... Lei Cai (University of Chinese Academy of Sciences, China)

JSY3-3 Current status of autoimmune pancreatitis in Japan

..... Kazushige Uchida (Kochi University, Japan)

■Joint Symposium in collaboration with AACR - JCA

Progress of basic researches on the link between pancreatogenesis and cancer

JULY 8 (8 : 50–10 : 20) Room 3 (Room B-1, 2F)

Moderators : Elizabeth Jaffee (The Sidney Kimmel Comprehensive Cancer Center at Johns Hopkins School of Medicine, USA)

Kohei Miyazono (The University of Tokyo, Japan)

Hiroshi Seno (Kyoto University, Japan)

JSY1-1 New insights into understanding the neuroendocrine tumors of the pancreas

..... Kenichiro Furuyama (Center for iPS Cell Research and Application, Kyoto University, Japan)

JSY1-2 Regulation of pancreatic cancer subtypes by epigenetic regulators

..... Matthias Hebrok (University of California San Francisco, USA)

JSY1-3 Early Detection of Pancreatic Cancer—Who, How, and What Now?

..... Anirban Maitra (The University of Texas MD Anderson Cancer Center, USA)

■APA-JPS Joint Symposium

Pancreatic stellate cells ; function and involvement in pathophysiology of pancreatic disease

JULY 9 (7 : 10–8 : 40) Room 2 (Room A, 2F)

Moderators : Min Li (The University of Oklahoma Health Science Center, USA)
 Akira Andoh (Shiga University of Medical Science, Japan)
 Keisuke Tateishi (St Marianna University School of Medicine, Japan)

JSY4-KL Pancreatic stellate cells ; function and involvement in pathophysiology of pancreatic disease

..... Aida Habtezion (Stanford University, USA)

JSY4-1 Cancer-promoting roles of pancreatic stellate cells

..... Shin Hamada (Tohoku University, Japan)

JSY4-2 Investigation of the mechanism of PSC activation and development of high-throughput drug screening detecting compounds targeting PSC

..... Kohei Nakata (Kyushu University, Japan)

JSY4-3 Cathepsin B inhibition in the pancreatic stellate cells stimulates CD8+ T cell dependent anti-tumor immune response

..... Bharti Garg (Moores Cancer Centre, University of California San Diego, USA)

JSY4-S Special Remarks

..... Minoti Apte (University of New South Wales, Australia)

■JPS Meets EPC

Promotion of young investigators in the field of pancreatology

JULY 7 (7 : 10–8 : 50) Room 5 (Room C-1, 1F)

Moderators : Yoshifumi Takeyama (Kindai University, Japan)
 Matthias Löhr (Karolinska University, Sweden)

JME-1 JPS perspective

..... Atsushi Masamune (Tohoku University, Japan)

JME-2 EPC perspective

..... Matthias Löhr (Karolinska University, Sweden)

JME-3 Message from EPC president
..... Heiko Witt (Else Kröner-Fresenius-Center for Nutritional Medicine, Technical University, Germany)

■International Consensus Meeting 1

Management of IPMN and MCN

JULY 7 (8 : 50–10 : 20) Room 1 (Main Hall, 1F)

Moderators : Takao Ohtsuka (Kagoshima University, Japan)
..... Carlos Fernandez-del Castillo (Massachusetts General Hospital and Harvard Medical School, USA)

Opening remarks :

..... Masao Tanaka (Shiimonoseki City Hospital, Japan)

Group 1 ; Revision of HRS/WF

..... Salvia Roberto (Azienda Ospedaliera Universitaria Integrata Verona, Italy)

Group 1 ; Revision of HRS/WF

..... Eizaburo Ohno (Nagoya University, Japan)

Group 2 ; Surveillance of non-resected IPMN

..... Jin-Young Jang (Seoul National University, Korea)

Group 2 ; Surveillance of non-resected IPMN

..... Susumu Hijioka (National Cancer Center Hospital, Japan)

■International Consensus Meeting 2

Management of IPMN and MCN

JULY 7 (10 : 30–12 : 00) Room 1 (Main Hall, 1F)

Moderators : Takao Ohtsuka (Kagoshima University, Japan)
..... Carlos Fernandez-del Castillo (Massachusetts General Hospital and Harvard Medical School, USA)

Group 3 ; Surveillance after resection of IPMN

..... Christopher Wolfgang (NYU Langone Health, USA)

Group 3 ; Surveillance after resection of IPMN

..... Yoshihiro Miyasaka (Fukuoka University Chikushi Hospital, Japan)

Group 4 ; Pathological aspect

..... Toru Furukawa (Tohoku University, Japan)

Group 4 ; Pathological aspect

..... Laura Wood (The Johns Hopkins University, USA)

Group 5 ; Molecular marker in cystic fluid

..... Anne Marie Lennon (The Johns Hopkins University, USA)

■International Consensus Meeting 3

International consensus meeting of post-pancreatectomy acute pancreatitis (PPAP) in collaboration with ISGPS

JULY 7 (9 : 20–12 : 00) Room 2 (Room A, 2F)

Moderators : Masafumi Nakamura (Kyushu University, Japan)

..... Kyoichi Takaori (Nagahama City Hospital Network, Japan)

..... Giovanni Marchegiani (The Pancreas institute Verona University, Italy)

ICM3-1 How it started : from an idea to the search for a common definition
..... Connor Saxon (Christchurch Hospital, New Zealand)

ICM3-2 TBA

..... Elisa Bannone (The Pancreas institute Verona University, Italy)

ICM3-3 The PPAP definition and grading from the ISGPS

..... Giovanni Marchegiani (The Pancreas institute Verona University, Italy)

ICM3-4 The Postpancreatectomy Acute Pancreatitis~ISGPS definition validation study

..... Masafumi Nakamura (Kyushu University, Japan)

ICM3-5 The International Study Group for Pancreas Surgery (ISGPS) : The Past, Present and Future

..... John Neoptolemos (University of Heidelberg, Germany)

■International Consensus Meeting 4

International consensus meeting for PanNEN guidelines

JULY 7 (8 : 50–10 : 20) Room 4 (Room B-2, 2F)

Moderators : Emily Bergsland (University of California San Francisco, USA)

Tetsuhide Ito (Neuroendocrine Tumor Centre, Fukuoka Sanno Hospital, Internal University of Health and Welfare, Japan)

Wataru Kimura (Toto Kasukabe Hospital, Japan)

ICM4-1 PanNEN guidelines

..... Massimo Falconi (Università Vita-Salute San Raffaele Hospital IRCCS, Italy)

ICM4-2 TBA

..... Jonathan Strosberg (Moffitt Cancer Center, USA)

ICM4-3 Topics in Japanese clinical practice guidelines for GEP-NEN

..... Toshihiko Masui (Kurashiki Central Hospital, Japan)

ICM4-S Special Remarks

..... Masayuki Imamura (Neuroendocrine Tumor Center, Kansai Electric Production Center, Japan)

■International Consensus Meeting 5

Revision of international consensus on borderline-resectable pancreatic cancer

JULY 8 (8 : 50–10 : 20) Room 2 (Room A, 2F)

Moderators : Matthew Katz (The University of Texas MD Anderson Cancer Center, USA)

Shugo Mizuno (Mie University, Japan)

Suguru Yamada (Nagoya Central Hospital, Japan)

ICM5-KL Borderline resectable pancreatic cancer : at the crossroads of precision medicine

..... Matthew Katz (The University of Texas MD Anderson Cancer Center, USA)

- ICM5-1 Revision of the international consensus on borderline resectable pancreatic cancer
..... Thilo Hackert (Heidelberg University, Germany)
- ICM5-2 Significance of biological definition and approach to re-staging after neoadjuvant therapy for borderline resectable pancreatic cancer
..... John Windsor (Faculty of Medical and Health Sciences, University of Auckland, New Zealand)
- ICM5-3 Reconsideration of the definition for borderline resectability in pancreatic cancer treatment
..... Fuyuhiko Motoi (Yamagata University, Japan)
- ICM5-4 Prognosis-based definition for borderline resectable pancreatic cancer in the setting of preoperative chemordiotherapy
..... Shugo Mizuno (Mie University, Japan)
- ICM5-5 Revisits of the serum CA19-9 as “biological borderline resectability” in neoadjuvant treatment for pancreatic cancer
..... Hidenori Takahashi (Osaka University, Japan)
-

■International Consensus Meeting 6

Conversion surgery for patients with initially unresectable pancreatic cancer

JULY 8 (7 : 10–8 : 40) Room 3 (Room B-1, 2F)

Moderators : Marco Del Chiaro (University of Colorado School of Medicine, USA)
Tsutomu Fujii (University of Toyama, Japan)
Keiichi Okano (Kagawa University, Japan)

- ICM6-KL Conversion surgery for patients with initially unresectable pancreatic cancer
..... Marc Besselink (Amsterdam UMC, The Netherlands)
- ICM6-1 Surgical indication and outcomes of conversion surgery for initially unresectable locally advanced pancreatic cancer
..... Yuta Yoshida (Kindai University, Japan)
- ICM6-2 The optimal indication and utilization of the conversion surgery for initially unresectable pancreatic cancer
..... Oba Atsushi (Cancer Institute Hospital, Japanese Foundation for Cancer Research, Japan)

- ICM6-3 Optimal Indication of Conversion Surgery for Initially Unresectable Pancreatic Cancer
..... Masayuki Sho (Nara Medical University, Japan)
- ICM6-4 Prognostic Factors in Radical Resection Following Nab-paclitaxel with Gemcitabine and Subsequent Chemoradiotherapy for Unresectable Locally Advanced Pancreatic Cancer : Results of a Dual-center Study
..... Tsutomu Fujii (University of Toyama, Japan)
- ICM6-S Special Remarks
..... Marco Del Chiaro (University of Colorado School of Medicine, USA)
-

■International Consensus Meeting 7

Best timing and indication of conversion surgery for metastatic pancreatic cancer

JULY 9 (8 : 50–10 : 20) Room 2 (Room A, 2F)

Moderators : Thilo Hackert (Heidelberg University, Germany)
Sohei Satoi (Kansai Medical University, Japan)
Yoshiaki Murakami (Hiroshima Memorial Hospital, Hiroshima University, Japan)

- ICM7-KL Best timing and indication for conversion surgery for metastatic pancreatic cancer
..... Thilo Hackert (Heidelberg University, Germany)
- ICM7-1 TBA
..... Roberto Valente (Umeå University, Umeå, Sweden)
- ICM7-2 Best timing and indication of conversion surgery for metastatic pancreatic cancer
..... Junji Furuse (Kanagawa Cancer Center, Japan)
- ICM7-3 Pancreatic cancer with oligo liver metastasis : when should we do the surgery?
..... Jin He (The Johns Hopkins University, USA)
- ICM7-4 Local treatment including surgery can be a considerable option for pancreatic ductal adenocarcinoma patients with isolated liver metastases
..... Jin-Young Jang (Seoul National University, Korea)
- ICM7-5 Surgical role for metastatic pancreatic ductal adenocarcinoma.
..... Sohei Satoi (Kansai Medical University, Japan)

■Symposium 1

Advances in genomics for pancreatic neoplasms

JULY 7 (14 : 20–15 : 50) Room 2 (Room A, 2F)

Moderators : Masayuki Kitano (Wakayama Medical University, Japan)

Ichiro Yasuda (University of Toyama, Japan)

Min Li (The University of Oklahoma Health Sciences Center, USA)

- SY1-KL Advances in genomics for pancreatic neoplasms
..... Margaret Tempero (University of California San Francisco, USA)
- SY1-1 Advances in genomics for pancreatic neoplasms
..... Min Li (The University of Oklahoma Health Sciences Center, USA)
- SY1-2 Current Status and Perspectives of Genomic Medicine for Pancreatic Cancer in Japan
..... Chigusa Morizane (National Cancer Center Hospital, Japan)
- SY1-3 Clinical benefits of CGP for pancreatic cancer
..... Takafumi Yanaidani (Aichi Cancer Center, Japan)
- SY1-4 Large-scale genome structure dynamics shapes transcriptional subtype in pancreatic cancer
..... Hiroyuki Kato (The University of Tokyo, Japan)
- SY1-5 Genome-wide sequencing identifies key mutations differentiating poor pancreatic cancer survivor after surgery
..... Menghua Dai (Peking Union Medical College, China)
- SY1-6 Three molecular development pathways of remnant pancreatic cancer impact survival after resection
..... Shuji Suzuki (Ibaraki medical center, Tokyo medical university, Japan)

■Symposium 2

Progress of basic researches in chronic pancreatitis

JULY 7 (10 : 30–12 : 00) Room 3 (Room B-1, 2F)

Moderators : Ole Petersen (School of Biosciences, Cardiff University, UK)

Kyoko Shimizu (Shinjuku Mitsui Bldg. Clinic, Japan)

Hiroshi Ishiguro (Research Center of Health, Physical Fitness, and Sports, Nagoya University, Japan)

SY2-KL New aspects of the genetics of chronic pancreatitis

..... Heiko Witt (Else Kröner-Fresenius-Center for Nutritional Medicine, Technical University Munich, Germany)

SY2-1 Murine Chronic Pancreatitis Model Induced by Ligation of Pancreatic Duct Encapsulates the Macrophage Profile in Human
..... Cheng Peng (Third Xiangya Hospital, Central South University, China)

SY2-2 Assessment of the serine protease inhibitor Kazal type 1 conditional knockout mouse phenotypes
..... Ryotaro Matsumoto (Tohoku University, Japan)

SY2-3 Elucidation of the carcinogenic mechanism of chronic pancreatitis from the viewpoint of interaction with stroma
..... Yoichi Matsuo (Nagoya City University, Japan)

SY2-4 Pain mechanisms in patients with chronic pancreatitis : looking beyond the pancreatic tissue
..... Rupjyoti Talukdar (Asian Institute of Gastroenterology, India)

SY2-5 Exploring diagnostic biomarkers of alcoholic early phase chronic pancreatitis utilizing plasma metabolome analysis.
..... Yusuke Sekino (Yokohama Rosai Hospital, Japan)

■Symposium 3

Phase III trials for pancreatic cancer in progress

JULY 7 (10 : 30–12 : 00) Room 4 (Room B-2, 2F)

Moderators : Junji Furuse (Kanagawa Cancer Center, Japan)

Tatsuya Ioka (Yamaguchi University Hospital, Japan)

Tempero Margaret (University of California San Francisco, USA)

- | | |
|-------|---|
| SY3-1 | Phase III trials for pancreatic cancer in the USA
..... Cristina Ferrone (Massachusetts General Hospital and Harvard Medical School, USA) |
| SY3-2 | Phase III clinical trial of chemoradiotherapy with nivolumab in patients with pancreatic cancer
..... Masashi Kanai (Kyoto University, Japan) |
| SY3-3 | Phase II/III trial of GnP, mFOLFIRINOX, or S-IROX in patients with metastatic pancreatic cancer (JCOG1611)
..... Ohba Akihiro (National Cancer Center Hospital, Japan) |
| SY3-4 | Phase III trials for pancreatic cancer in Korea
..... Si Yonng Song (Yonsei University, Korea) |
-

■Symposium 4

Updates on familial pancreatic cancer

JULY 7 (8 : 50–10 : 20) Room 5 (Room C-1, 1F)

Moderators : Chigusa Morizane (National Cancer Center Hospital, Japan)

Hiroyuki Matsubayashi (Shizuoka Cancer Center, Japan)

- | | |
|--------|---|
| SY4-KL | Updates on molecular pathogenesis of familial pancreatic cancer
..... Nicholas Roberts (The Johns Hopkins University, USA) |
| SY4-1 | Updates of Familial Pancreatic Cancer (FPC) in Japan
..... Chigusa Morizane (National Cancer Center Hospital, Japan) |
| SY4-2 | Screening for high-risk individuals with familial history of pancreatic cancer : a prospective study
..... Reiko Ashida (Wakayama Medical University, Japan) |
| SY4-3 | Familial pancreatic cancer : concept and clinical management
..... Hiroyuki Matsubayashi (Shizuoka Cancer Center, Japan) |

■Symposium 5

Molecular profiling of pancreatic cancer and application of liquid biopsy to clinical practice

JULY 7 (10 : 30–12 : 00) Room 5 (Room C-1, 1F)

Moderators : Vince Picozzi (Virginia Mason Medical Center, USA)

Manabu Muto (Kyoto University, Japan)

Makoto Ueno (Kanagawa Cancer Center, Japan)

- | | |
|-------|--|
| SY5-1 | Sample-specific perturbation of gene interactions identifies pancreatic cancer subtypes
..... Ran Wei (Sun Yat-sen University Cancer Center, China) |
| SY5-2 | Specific human leukocyte antigen supertypes against prognosis in resected pancreatic adenocarcinoma
..... Chenlei Wen (Research Institute of Pancreatic Diseases, Ruijin Hospital, China) |
| SY5-3 | The application of EV RNA panel as liquid biopsy for pancreatic ductal adenocarcinoma
..... Kenji Takahashi (Asahikawa Medical University, Japan) |
| SY5-4 | Low detection rate of druggable mutations in CGP using ctDNA in pancreatic cancer
..... Dai Inoue (Tokyo Metropolitan Tama Medical Center, Japan) |
| SY5-5 | MSI is rarely observed in pancreatic cancer with a discordance with MMR immunohistochemistry
..... Hiroyuki Matsubayashi (Shizuoka Cancer Center, Japan) |
| SY5-6 | Usefulness of cancer gene panel test using blood samples in pancreatic cancer
..... Takuo Yamai (Osaka International Cancer Institute, Japan) |

■Symposium 6

Progress in the management of acute pancreatitis

JULY 7 (14 : 20–15 : 30) Room 5 (Room C-1, 1F)

Moderators : Santhi Vege (Mayo Clinic - Rochester, USA)

Junichi Sakagami (Fukuchiyama City Hospital, Japan)

Yoshihisa Tsuji (Sapporo Medical University, Japan)

- SY6-1 The usefulness of prophylaxis for post ERCP pancreatitis with a novel
4Fr pancreatic stent : A propensity score analysis
..... Kazumasa Nagai (Tokyo Medical University, Japan)
- SY6-2 Early administration of recombinant human soluble thrombomodulin
may improve pancreatic blood flow
..... Takaaki Eguchi (Osaka Saiseikai Nakatsu Hospital, Japan)
- SY6-3 Long-term impact of acute pancreatitis on patients' quality of life :
Interim analysis of multi-center prospective study
..... Masayuki Ueno (Kyoto University, Japan)
- SY6-4 Role of infectious complications in severe acute pancreatitis
patients : a retrospective study
..... Feng Cao (Capital Medical University, China)
- SY6-5 Pancreatic duct stenting to prevent post-ERCP pancreatitis after
CSEMS placement
..... Haruka Toyonaga (Teine-keijinkai Hospital, Japan)
- SY6-6 Low dose rectal diclofenac could not prevent post-endoscopic
retrograde cholangiopancreatography pancreatitis
..... Hiroaki Sakai (Fukuchiyama City Hospital, Japan)

■Symposium 7

Basic research of pancreatic cancer The link between pancreatogenesis and cancer : Progress of basic researches in PDAC

JULY 7 (16:00–17:30) Room 5 (Room C-1, 1F)

Moderators : Yoko Matsuda (Kagawa University, Japan)

Yuki Fukumura (Juntendo University, Japan)

Wenhui Lou (Zhongshan Hospital, Fudan University, China)

- | | |
|-------|--|
| SY7-1 | Crosstalk between stromal compartment and macrophages lead to CD
169 ⁺ macrophages in pancreatic ductal adenocarcinoma.
..... Kevin Thierry (Cancer Research Center of Lyon / Université Lyon
1, France.) |
| SY7-2 | Bmi1 is required for pancreatic carcinogenesis by regulating PI3K/
AKT pathway and acinar genes in mice
..... Makoto Sono (Kyoto University, Japan) |
| SY7-3 | Prrx1 regulates acinar cell plasticity in pancreatic acinar-to-ductal
metaplasia
..... Kensuke Suzuki (Chiba University, Japan) |
| SY7-4 | Modified polypeptide NDARP suppresses stemness of pancreatic
cancer by disrupting USP10/NICD interaction
..... Shuyu Zhai (Ruijin Hospital, Shanghai Jiaotong University,
China) |
| SY7-5 | Kras-mutated acinar-metaplastic cells in panIN present invasive
properties related to early metastasis in PDAC
..... Fanlu LI (Ruijin Hospital, Shanghai Jiaotong University, China) |
| SY7-6 | TRAP1 Regulates Cell Cycle and Apoptosis Through WNT/β-Catenin
Pathway in Pancreatic Cancer
..... Nan Lyu (Pancreas Center, The First Affiliated Hospital of
Nanjing Medical University, China) |
| SY7-7 | Discovery of a CD106 ⁺ pericyte stem cell leads to Ly6G ⁺ cell
accumulation responsible for PDAC immunotherapy resistance
..... Zhichong WU (Ruijin Hospital, Shanghai Jiao Tong University,
China) |
| SY7-8 | Nanomaterial-induced Photothermal Therapy Inhibits the Growth of
Pancreatic Ductal Adenocarcinoma both In Vitro and Vivo
..... Xinjing Wang (Ruijin Hospital, Shanghai Jiao Tong University,
China) |

■Symposium 8

International symposium on endotherapy for chronic pancreatitis

JULY 8 (8 : 50–10 : 50) Room 1 (Main Hall, 1F)

Moderators : David Whitcomb (University of Pittsburgh, USA)

Tetsuhide Ito (Neuroendocrine Tumor Centre, Fukuoka Sanno Hospital, Internal University of Health and Welfare, Japan)

Hiroyuki Isayama (Junitedo University, Japan)

- SY8-KL Keynote lecture : Endotherapy on chronic pancreatitis patients from the perspective of Japanese clinical practice guidelines
..... Tetsuhide Ito (Neuroendocrine Tumor Centre, Fukuoka Sanno Hospital, Internal University of Health and Welfare, Japan)
- SY8-1 Early Surgery VS Late Surgery for Chronic Pancreatitis
..... Iurii Mikheiev (State Institution “Zaporizhia Medical Academy of Post-Graduate Education Ministry of Health of Ukraine”, Ukraine)
- SY8-2 Comparison of lithotripsy using POPS and ESWL in patients with pancreatic stone due to chronic pancreatitis.
..... Keisuke Iwata (Gifu Municipal Hospital, Japan)
- SY8-3 Early and long-term clinical outcomes of endoscopic interventions for benign pancreatic duct stricture/obstruction
..... Toshitaka Sakai (Sendai City Medical Center, Japan)
- SY8-4 Effectiveness of endoscopic pancreatic duct drainage placement prior to ESWL during pancreatic duct stone treatment
..... Kota Ishida (The University of Tokyo, Japan)
- SY8-5 Risk factors predicting pain recurrence after removal of pancreatic duct stents in symptomatic chronic pancreatitis
..... Tetsuya Takikawa (Tohoku University, Japan)
- SY8-6 The treatment strategy of interventional EUS for pancreatic duct stenosis and pseudocyst caused by chronic pancreatitis
..... Hiroyuki Kojima (Tokyo Medical University, Japan)

■Symposium 9

Endoscopic therapy for peripancreatic fluid collection

JULY 8 (7 : 10–8 : 40) Room 2 (Room A, 2F)

Moderators : Mel Wilcox (University of Alabama at Birmingham, USA)

Takao Itoi (Tokyo Medical University, Japan)

Akio Katanuma (Teine-keijinkai hospital, Japan)

- SY9-KL Current concepts of the endoscopic management of pancreatic fluid collections
..... Mel Wilcox (University of Alabama at Birmingham, USA)
- SY9-1 Early vs. Delayed Interventions for Pancreatic Fluid Collections : A Systematic Review and Meta-analysis
..... Yousuke Nakai (The University of Tokyo, Japan)
- SY9-2 Strategies of endoscopic intervention for pancreatic fluid collection based on a step-up approach
..... Shiomi Hideyuki (Hyogo Medical University, Japan)
- SY9-3 Usefulness of contrast-enhanced harmonic EUS in EUS-guided cyst drainage for walled-off necrosis (WON)
..... Mamoru Takenaka (Kindai University, Japan)
- SY9-4 Tips and tricks for preventing the serious situations associated with peripancreatic fluid collection under endoscopic treatment
..... Toshifumi Kin (Teine-Keijinkai Hospital, Japan)
- SY9-5 EUS-guided transluminal drainage for walled-off necrosis with a large amount of necrotic tissue
..... Shuntaro Mukai (Tokyo Medical University, Japan)

■Symposium 10

Updates of laparoscopic and robotic pancreatectomies : Part 1

JULY 8 (14 : 20–15 : 50) Room 2 (Room A, 2F)

Moderators : Masafumi Nakamura (Kyushu University, Japan)

Kenichi Hakamada (Hirosaki University, Japan)

Marc Besselink (Amsterdam UMC, The Netherlands)

- | | |
|--------|--|
| SY10-1 | Updates of laparoscopic and robotic pancreatectomies
..... Marc Besselink (Amsterdam UMC, The Netherlands) |
| SY10-2 | Mobilization of the pancreatic head from left side
..... Kohei Nakata (Kyushu University Hospital, Japan) |
| SY10-3 | Progress of laparoscopic and robotic pancreatectomies
..... Asbun Horacio (Miami Cancer Institute, USA) |
| SY10-4 | Updates of laparoscopic and robotic pancreatectomies
..... Thilo Hackert (Heidelberg University, Germany) |
| SY10-5 | Updates of Robotic Pancreatectomies : Experience of Taipei Veterans General Hospital
..... Shin-E Wang (Taipei Veterans General Hospital, Taipei, Taiwan) |

■Symposium 11

Updates of laparoscopic and robotic pancreatectomies : Part 2

JULY 8 (16 : 00–17 : 30) Room 2 (Room A, 2F)

Moderators : Jin He (The Johns Hopkins University, USA)

Yuichi Nagakawa (Tokyo Medical University, Japan)

Takeyuki Misawa (Teikyo University, Japan)

- | | |
|---------|---|
| SY11-KL | Laparoscopic vs. Robotic in Pancreas Surgery
..... Ho-Seong Han (Seoul National University, Korea) |
| SY11-1 | Retropancreatic dissection during robotic pancreatoduodenectomy for pancreatic cancer
..... Jin He (The Johns Hopkins University, USA) |
| SY11-2 | Robotic pancreaticojejunostomy with continuous suture considering the characteristics of robotic surgery
..... Yuichi Nagakawa (Tokyo Medical University, Japan) |

- SY11-3 Robotic-Assisted Pancreato-Jejunostomy Versus Pancreato-Gastrostomy : The Preliminary Results of a Case-Matched Study
..... Marco Marino (Ospedali Riuniti Villa Sofia-Cervello, Italy)
- SY11-4 Current evidence for laparoscopic and robotic pancreatic resections
..... Brian Goh (Singapore General Hospital and Duke-NUS Liver Transplant Center, Singapore)
-

■Symposium 12

Neoadjuvant therapy for resectable and borderline-resectable pancreatic cancer

JULY 8 (10 : 30 – 12 : 00) Room 3 (Room B-1, 2F)

Moderators : John Neoptolemos (University of Heidelberg, Germany)
Katsuhiko Uesaka (Shizuoka Cancer Center, Japan)
Fuyuhiko Motoi (Yamagata University, Japan)

- SY12-1 Results of a phase II study of neoadjuvant chemotherapy for borderline-resectable pancreatic cancer (NUPAT-01).
..... Junpei Yamaguchi (Nagoya University, Japan)
- SY12-2 Clinical trial of gemcitabine/nab-paclitaxel/S-1 neoadjuvant chemotherapy for borderline resectable pancreatic cancer
..... Naru Kondo (Hiroshima University, Japan)
- SY12-3 Benefits of neoadjuvant treatment using Gemcitabine and S-1 for resectable pancreatic cancers
..... Yosuke Inoue (Cancer Institute hospital, Tokyo, Japan)
- SY12-4 Phase II study of preoperative S-IROX therapy as a novel treatment for borderline resectable pancreatic cancer
..... Yuta Maruki (National Cancer Center Hospital, Japan)
- SY12-5 Significance of perioperative adjuvant therapy in pancreatic tail cancer by HOPS multicenter cohort (HOPS Pt-01)
..... Yasutoshi Kimura (Sapporo Medical University, Japan)
- SY12-6 Neoadjuvant chemotherapy for resectable pancreatic adenocarcinoma in the US national database
..... Toshitaka Sugawara (University of Colorado, USA)

■Symposium 13

Multidisciplinary treatment for PanNEN with distant metastases

JULY 8 (7 : 10–8 : 40) Room 4 (Room B-2, 2F)

Moderators : Emily Bergsland (University of California San Francisco, USA)

..... Taku Aoki (Dokkyo Medical University, Japan)

..... Masafumi Ikeda (National Cancer Center Hospital East, Japan)

SY13-1 Treatment strategy for pancreatic neuroendocrine neoplasms with distant metastases

..... Masafumi Ikeda (National Cancer Center Hospital East, Japan)

SY13-2 'Updates in the medical management for PanNEN with distant metastases

..... Bergsland Emily (University of California San Francisco, USA)

SY13-3 PRRT for PanNEN with distant metastases

..... Hope Thomas (University of California San Francisco, USA)

SY13-4 Surgical management for PanNEN with distant metastases

..... Atsushi Kudo (Tokyo Medical and Dental University, Japan)

SY13-5 Does developing multidisciplinary treatments reinforce pancreatectomy for resectable but advanced PanNEN?

..... Takeshi Takamoto (National Cancer Center Hospital, Japan)

SY13-6 High-Grade Increase in Metastases Confers Poor Survival in Pancreatic Neuroendocrine Neoplasms

..... Wuhu Zhang (Center for Neuroendocrine Tumors, Fudan University Shanghai Cancer Center, China)

■Symposium 14

Novel techniques to prevent pancreatic fistula in distal pancreatectomy part I

JULY 8 (10 : 30–12 : 00) Room 4 (Room B-2, 2F)

Moderators : Oscar Joe Hines (University of California, Los Angeles, USA)

..... Toshio Nakagohri (Tokai University, Japan)

..... Tsuyoshi Sano (Aichi Medical University, Japan)

SY14-1 TBA

..... Oscar Joe Hines (University of California, Los Angeles, USA)

- SY14-2 What's New in Management of the Pancreatic Transection Plane After Left Pancreatectomy
..... Yi Miao (The First Affiliated Hospital of Nanjing Medical University, China)
- SY14-3 Pancreatic division at neck reduces pancreatic fistula after LDP than at body
..... Seiko Hirono (Hyogo Medical University, Japan)
- SY14-4 CT-guided special approaches of post-pancreatic surgical drainage for intraabdominal and pelvic abscesses
..... Heshui Wu (Union Hospital, Tongji Medical College, Huazhong University of Science and Technology, China)
- SY14-5 Active drain system with reticulated open-pore foam-surface dressing for postoperative pancreatic fistula in a rat model
..... Shanmiao Gou (Union Hospital, Tongji Medical College, Huazhong University of Science and Technology, China)
- SY14-6 Comparison of pancreatic stump closure methods for distal pancreatectomy with propensity score matching
..... Yosuke Mukai (Osaka International Cancer Institute, Japan)
- SY14-7 Importance of drain placement to prevent pancreatic fistula after distal pancreatectomy
..... Katsunori Sakamoto (Ehime University, Japan)

■Symposium 15

Challenges to accurate diagnosis and optimal treatment of pancreatic cystic neoplasms

JULY 8 (8 : 50–10 : 20) Room 5 (Room C-1, 1F)

Moderators : Jin-Young Jang (Seoul National University, Korea)
Seiko Hirono (Hyogo Medical University, Japan)
Yoshiki Hirooka (Fujita Health University, Japan)

- SY15-1 Usefulness of Per-oral pancreatoscopy (POPS) for Preoperative Diagnosis of IPMN
..... Emiri Kita (Chiba Cancer Center, Japan)
- SY15-2 Evaluation of image findings by comparing histopathological grades of atypia in IPMN with MPD dilatation
..... Sadatoshi Shimizu (Osaka City General Hospital, Japan)

- SY15-3 Impact of genome/epigenome biomarker testing using serially harvested pancreatic juice samples in patients with IPMN
..... Tatsuo Hata (Tohoku University, Japan)
- SY15-4 Does positive pancreatic cut margin impact recurrence and prognosis of IPMN?
..... Yutaka Suzuki (Kyorin University, Japan)
- SY15-5 Comparison of clinical outcome between surgery and non-surgical management for IPMN with high-risk stigmata
..... Hiroyuki Hasegawa (University of Yamanashi, Japan)
- SY15-6 Long-term Outcomes of Intraductal Papillary Mucinous Neoplasms With Dilatation of the Main Pancreatic Duct
..... Shuichi Tange (The University of Tokyo, Japan)
- SY15-7 Utility of Contrast-harmonic EUS for the pre-operative diagnosis of IPMNs ; Is it mural nodule or mucous clot?
..... Eizaburo Ohno (Nagoya University, Japan)

■Symposium 16

New modalities for the management of PanNEN

JULY 8 (10 : 30–12 : 00) Room 5 (Room C-1, 1F)

Moderators : Hirohide Ohnishi (Japan Organization of Occupational Health and Safety, Japan)
..... Yuji Nakamoto (Kyoto University, Japan)
..... Eric Nakakura (University of California San Francisco, USA)

- SY16-KL Theranostics for Management of PanNEN
..... Makoto Hosono (Kindai University, Japan)
- SY16-1 Predictive factors of recurrence after curative resection in patients with PanNET ; A multicenter retrospective study
..... Nao Fujimori (Kyushu University, Japan)
- SY16-2 Prevalence and prognostic value of preoperative diabetes in non-functional pancreatic neuroendocrine neoplasms
..... Qingquan Tan (Sichuan University, West China Hospital, China)
- SY16-3 Reappraisal of the Parenchyma-Sparing Resections for Pancreatic Neuroendocrine Tumors : A High-volume Center Experience
..... Shu Jie Ren (West China Hospital, China)

- SY16-4 Surgical management and long-term outcomes of 142 patients with insulinoma
..... Shiwei Zhao (Ruijin Hospital Shanghai JiaoTong University, China)
- SY16-5 Pancreatic Juice Cytology for the Diagnosis of Pancreatic Neuroendocrine Neoplasms
..... Eriko Ikeda (Jichi Medical University, Japan)
- SY16-6 Artificial intelligence analysis for the evaluation of PanNEN grading
..... Takamichi Kuwahara (Aichi Cancer Center, Japan)
- SY16-7 A risk score for lymph node metastasis of small non-functional pancreatic neuroendocrine tumors
..... Qingquan Tan (West China Hospital, Sichuan University, China)

■Symposium 17

Interventional endoscopy for pancreatic cancer

JULY 9 (10 : 30–12 : 00) Room 1 (Main Hall, 1F)

Moderators : Jong Ho Moon (Digestive Disease Center, Soon Chun Hyang University School of Medicine, Korea)
Mamoru Takenaka (Kindai University, Japan)
Hirofumi Kogure (Nihon University, Japan)

- SY17-1 EUS-BD for failed ERCP for biliary drainage for pancreatic cancer.
EUS-CDS? or EUS-HGS?
..... Takeshi Ogura (Osaka Medical and Pharmaceutical University, Japan)
- SY17-2 Endoscopic biliary drainage for nonresectable pancreatic cancer :
Now prime time for EUS-BD?
..... Takuji Iwashita (Gifu University, Japan)
- SY17-3 EUS-HGS for distal malignant biliary obstruction in pancreatic cancer complicated with duodenal invasion
..... Naminatsu Takahara (The University of Tokyo, Japan)
- SY17-4 Endoscopic diagnosis of less than 1 cm pancreatic cancer by EUS or ERCP.
..... Takayoshi Tsuchiya (Tokyo Medical University, Japan)

■Symposium 18

Clinical practice guidelines for acute pancreatitis : IAP & APA & JPS

JULY 9 (10 : 30–12 : 00) Room 2 (Room A, 2F)

Moderators : Santhi Vege (Mayo Clinic - Rochester, USA)

Yoshifumi Takeyama (Kindai University, Japan)

Toshihiko Mayumi (Chukyo Hospital, Japan)

SY18-KL Clinical practice guidelines for acute pancreatitis

..... Santhi Vege (Mayo Clinic - Rochester, USA)

SY18-1 IAP-APA Acute Pancreatitis Guidelines

..... Timothy B. Gardner (Dartmouth-Hitcoccock Medical Center, USA)

SY18-2

..... Reddy Nageshwar (Asian Institute of Gastroenterology and AIG Hospitals, India)

SY18-3 Japanese clinical practice guidelines for the management of acute pancreatitis 2021 with easy-to-understand explanations

..... Shuji Isaji (Mie University, Japan)

SY18-S Special Remarks

..... Tadahiro Takada (Teikyo University School of Medicine, Japan)

■Symposium 19

Artery-first approaches to surgery for pancreatic cancer

JULY 9 (13 : 40–15 : 10) Room 2 (Room A, 2F)

Moderators : Oliver Strobel (Medical University of Vienna, Austria)

Hiroki Yamaue (Wakayama Medical University, Japan)

Akihiko Horiguchi (Fujita Health University School of Medicine, Japan)

SY19-KL Artery-first approaches to surgery for pancreatic cancer

..... Oliver Strobel (Medical University of Vienna, Austria)

SY19-1 Mesenteric approach of pancreateoduodenectomy for pancreatic ductal adenocarcinoma

..... Seiko Hirono (Hyogo Medical University, Japan)

- SY19-2 TBA
..... Yuichi Nagakawa (Tokyo Medical University, Japan)
- SY19-3 TBA
..... Shyr Yi-Ming (Taipei Veterans General Hospital, Taiwan)
- SY19-S Special Remarks
..... Akimasa Nakao (Nagoya Central Hospital, Japan)
-

■Symposium 20

Managements of pancreatic cancer around the world

JULY 9 (7 : 40–8 : 40) Room 3 (Room B-1, 2F)

- Moderators : Naohiro Sata (Jichi Medical University)
Takuji Okusaka (National Cancer Center Hospital, Japan)
Duda Dan (Massachusetts General Hospital and Harvard Medical School, USA)
-

- SY20-1 Managements of pancreatic cancer around the world in South Africa
..... Burmeister Sean (University of Cape Town Health Sciences Faculty, South Africa.)
- SY20-2 Páncreas cáncer in Latin American an overview.
..... Luis Russo Martínez (University of Republic (UdeLar) Uruguay)
- SY20-3 Managements of pancreatic cancer in Turkey
..... Ender Dulundu (Istanbul University-Cerrahpasa, Turkey)
-

■Symposium 21

Novel techniques to prevent pancreatic fistula in distal pancreatectomy part II

JULY 9 (7 : 10–8 : 40) Room 4 (Room B-2, 2F)

- Moderators : Christopher Wolfgang (NYU Langone Health, USA)
Ippei Matsumoto (Kindai University, Japan)
Manabu Kawai (Wakayama Medical University, Japan)
-

- SY21-1 How to prevent pancreatic fistula in distal pancreatectomy
..... William Hawe Nealon (Hofstra University Northwell Health, USA)
- SY21-2 Fistula prevention and mitigation in distal pancreatectomy
..... Nicholas Joseph Zyromski (Indiana University, USA)

- SY21-3 Novel strategy and stump closure techniques for preventing postoperative pancreatic fistula after open and laparoscopic distal pancreatectomy
..... Keiko Kamei (Kindai University, Japan)
- SY21-4 Our process to reduce postoperative pancreatic fistula in distal pancreatectomy.
..... Shingo Seo (Hiroshima University, Japan)
- SY21-5 Selection of stapler cartridge to prevent postoperative pancreatic fistula in distal pancreatectomy
..... Motokazu Sugimoto (National Cancer Center Hospital East, Japan)
- SY21-6 Techniques for closure of the pancreatic remnant after distal pancreatectomy preventing occurrence of pancreatic fistula
..... Hiroyuki Nojima (Teikyo university chiba medical center, Japan)
- SY21-7 Standardized procedure in distal pancreatectomy is contributed to prevent pancreatic fistula.
..... Hiroo Yanagibashi (Chiba Cancer Center, Japan)

■Symposium 22

Palliative therapy for pancreatic cancer

JULY 9 (8 : 50–10 : 20) Room 4 (Room B-2, 2F)

Moderators : Yasuhiro Shimizu (Aichi Cancer Center Hospital, Japan)

Kennichi Satoh (Tohoku Medical and Pharmaceutical University, Japan)

- SY22-1 Evaluation of the Effectiveness of EUS-CGN on Blood Pressure Control : A Single-center Retrospective Study
..... Li Zhao (The First Affiliated Hospital of Nanjing Medical University, China.)
- SY22-2 SBRT with simultaneous integrated protection (SIP) in pancreatic cancer
..... Thomas Brunner (University of Magdeburg, Germany / University of Graz, Austria)
- SY22-3 Palliation of lower limb edema with stent placement for IVC stenosis caused by pancreatic cancer
..... Kenji Ikezawa (Osaka International Cancer Institute, Japan)

- SY22-4 Management of complex of biliary and gastric outlet obstructions due to pancreatic cancer.
..... Nobuhiko Hayashi (University of Toyama, Japan)
- SY22-5 Feasibility of nal-IRI + FU/LV as palliative chemotherapy in real-world setting
..... Wataru Okamoto (Hiroshima University, Japan)
- SY22-6 FOLFOX therapy for advanced pancreatic cancer refractory to nal-IRI +5-FU/LV : a retrospective study
..... Yui Yamachika (Kanagawa Cancer Center, Japan)
- SY22-7 Evaluation of optimal timing of gastrojejunostomy for gastric outlet obstruction with pancreatic cancer
..... Katsuhisa Hirano (University of Toyama, Japan)
- SY22-8 Examination of combination chemotherapy as first-line treatment for unresectable very elderly pancreatic cancer
..... Kuniyasu Irie (Yokohama City University, Japan)

■Symposium 23

Nutrition management for patients with pancreatic diseases

JULY 9 (10 : 30–12 : 00) Room 5 (Room C-1, 1F)

Moderators : Yusuke Tando (Hirosaki university, Japan)
Atsushi Nishida (Shiga University of Medical Science, Japan)
Mustapha Adham (Edouard Herriot Hospital, France)

- SY23-1 Assessment of nutrient intake using BDHQ in patients with chronic pancreatitis
..... Kazuhiro Kikuta (Tohoku University, Japan)
- SY23-2 The clinical significance of preoperative serum zinc levels in patients with pancreatic disease.
..... Chihoko Nobori (Kindai University, Japan)
- SY23-3 Preoperative anemia predicts worse outcomes following open pancreateoduodenectomy : a propensity score-based analysis
..... Jingyong Xu (Beijing Hospital, China)
- SY23-4 Body composition loss in the early phase correlates with therapeutic effect and prognosis in pancreatic cancer
..... Masami Miki (National Hospital Organization Kyushu Cancer Center, Japan)

- SY23-5 Clinical significance of eFRPV for pancreaticoduodenectomy
..... Hiromitsu Maehira (Shiga University of Medical Science, Japan)
- SY23-6 Postoperative nutrition management for patients after
pancreatoduodenectomy
..... Shintaro Yamazaki (Nihon University, Japan)
- SY23-7 Nutritional management for post-pancreatectomy fatty liver
..... Masaharu Ishida (Tohoku University, Japan)
- SY23-8 Nutritional care for patients after total pancreatectomy
..... Miyuki Yanagimachi (Hirosaki University, Japan)
-

■Video Symposium 1

Minimally invasive distal pancreatectomy for pancreatic cancer

JULY 7 (14 : 20–15 : 50) Room 4 (Room B-2, 2F)

Moderators : Ho-Seong Han (Seoul National University, Korea)

..... Yoshiharu Nakamura (Nippon Medical School, Japan)

..... Goro Honda (Tokyo Women's Medical University, Japan)

- VSY1-KL Laparoscopic RAMPS for left-sided pancreatic cancer
..... Yoo-Seok Yoon (Seoul National University Bundang Hospital,
Korea)
- VSY1-1 Left-posterior approach for artery-first en-bloc resection in
laparoscopic distal pancreatectomy for pancreatic cancer
..... Kazuyuki Nagai (Kyoto University, Japan)
- VSY1-2 Our standardized technique of laparoscopic distal pancreatectomy for
pancreatic cancer
..... Tadahiro Goto (Kobe University, Japan)
- VSY1-3 Gerota's fascia identified approach from cranial to caudal side of the
pancreas in MIDP for pancreatic cancer
..... Kohei Nakata (Kyushu University, Japan)
- VSY1-4 Minimally invasive distal pancreatectomy using colon mobilization
technique
..... Takanori Morikawa (Tohoku University, Japan)
- VSY1-5 Laparoscopic distal pancreatectomy for pancreatic cancer based on
precise anatomical structures.
..... Chie Takishita (Tokyo Medical University, Japan)

- VSY1-6 Techniques and short-term outcomes of laparoscopic and robotic pancreaticoduodenectomy
..... Yutaka Takeda (Kansai Rosai Hospital, Japan)
-

■Video Symposium 2

Significance of vascular resection for advanced pancreatic cancer

JULY 7 (16 : 00–17 : 20) Room 4 (Room B-2, 2F)

Moderators : Marco Del Chiaro (University of Colorado, USA)
Satoshi Hirano (Hokkaido University, Japan)
Hidetoshi Eguchi (Osaka University, Japan)

- VSY2-KL Updates of vascular resection for advanced pancreatic cancer
..... Marco Del Chiaro (University of Colorado, USA)
- VSY2-1 Technical perspective of vascular resection for advanced pancreatic cancer
..... Aleksandar R. Karamarković (Faculty of Medicine University of Belgrade, Serbia)
- VSY2-2 Vascular resection and reconstruction for advanced pancreatic cancer
..... Yoshitaro Shindo (Yamaguchi University, Japan)
- VSY2-3 Comparison according to the type of arterial reconstruction in pancreatectomy for locally advanced pancreatic cancer
..... Akihiro Tanemura (Mie University, Japan)
- VSY2-4 A standard reconstruction method of CHA and PV during pancreaticoduodenectomy for locally advanced pancreatic cancer
..... Yoshihiro Sakamoto (Kyorin University, Japan)
- VSY2-5 Hepatic arterial resection for locally advanced pancreatic cancer in the era of new neoadjuvant therapy
..... Kenichiro Uemura (Hiroshima University, Japan)
- VSY2-6 Conversion surgery for unresectable locally advanced pancreatic cancer with total obstruction of portal system
..... Suguru Yamada (Nagoya Central Hospital, Japan)
- VSY2-S Special Remarks
..... Shuji Isaji (Mie University Hospital, Japan)

■Panel Discussion 1

Recent advances in early chronic pancreatitis

JULY 7 (8 : 50–10 : 20) Room 3 (Room B-1, 2F)

Moderators : David Whitcomb (University of Pittsburgh, USA)

Atsushi Masamune (Tohoku University, Japan)

Matthias Löhr (Karolinska Institutet, Sweden)

PD1-1 Recent advances in early chronic pancreatitis
..... David Whitcomb (University of Pittsburgh, USA)

PD1-2 Recent advances in early pancreatitis
..... Matthias Löhr (Karolinska Institute, Sweden)

PD1-3 Introduction and validation of the new Japanese diagnostic criteria for
early chronic pancreatitis 2019
..... Atsushi Masamune (Tohoku University, Japan)

■Panel Discussion 2

Updates on autoimmune pancreatitis

JULY 8 (10 : 30–12 : 00) Room 2 (Room A, 2F)

Moderators : Matthias Löhr (Karolinska Institutet, Sweden)

Kazushige Uchida (Kochi University, Japan)

Kenji Notohara (Kurashiki Central Hospital, Japan)

PD2-KL Current perspectives on autoimmune pancreatitis and IgG4-related
disease
..... Kazuichi Okazaki (Kansai Medical University Kori Hospital,
Japan)

PD2-1 Interobserver agreement on biopsy-based diagnosis of autoimmune
pancreatitis
..... Kenji Notohara (Kurashiki Central Hospital, Japan)

PD2-2 Autoimmune Pancreatitis in the Russian Population : Single Center
Experience
..... Alexey V Okhlobystin (Sechenov university, Russian Federation)

- PD2-3 Comparing diagnostic sensitivity of the Japanese, International, and ACR/EULAR criteria for type 1 AIP.
..... Tsukasa Ikeura (Kansai Medical University, Japan)
- PD2-4 Monitoring of serum IgG4 levels is useful in the follow-up of patients with type 1 autoimmune pancreatitis
..... Takanori Sano (Tohoku University, Japan)
- PD2-5 REGN-COV2 antibody combination therapy prevented refractory autoimmune pancreatitis from contracting SARS-CoV-2
..... Chihiro Katsuo (Yokohama City University, Japan)
- PD2-6 Association between autoimmune pancreatitis and malignancy development
..... Yasuhiro Kuraishi (Aichi Cancer Center Hospital, Japan)

■Panel Discussion 3

Reappraisal of total pancreatectomy : Indications, outcomes, perioperative management.

JULY 8 (8 : 50–10 : 20) Room 4 (Room B-2, 2F)

Moderators : Yasuyuki Suzuki (Hyogo Prefectural Awaji Medical Center, Japan)
Masayuki Ohtsuka (Chiba University, Japan)
Jin He (The Johns Hopkins University School of Medicine, USA)

- PD3-1 High-risk Pancreatic Anastomosis vs. Total Pancreatectomy
..... Giampaolo Perri (Verona University, Italy)
- PD3-2 Comparisons of total pancreatectomy versus pancreaticoduodenectomy for pancreatic cancer
..... Weiwei Shao (Beijing Hospital, China)
- PD3-3 Outcomes of total pancreatectomy with pancreatic ductal adenocarcinoma
..... Dongha Lee (Kindai University, Japan)
- PD3-4 Is Total Pancreatectomy Acceptable for the Elderly?
..... Masahiro Iseki (Tohoku University, Japan)
- PD3-5 Reappraisal of the outcome of total pancreatectomy and the possibility of islet autotransplantation
..... Takayuki Anazawa (Kyoto University, Japan)
- PD3-6 Analysis of total pancreatectomy with total gastrectomy
..... Nobuhiko Nakagawa (Tokyo Medical University, Japan)

■Panel Discussion 4

Quest for early diagnosis of pancreatic cancer

JULY 8 (14 : 20–15 : 50) Room 4 (Room B-2, 2F)

Moderators : Keiji Hanada (Onomichi General Hospital, Japan)

Minoru Tada (National Hospital Organization Chiba Medical Center, Japan)

PD4-KL Screening of Pancreatic Cancer for Early Diagnosis

..... Keiji Hanada (Onomichi General Hospital, Japan)

PD4-1 A novel method to enrich specimens from EUS-FNA greatly improved pathological diagnosis accuracy.

..... Yuan Ji (Zhongshan hospital affiliated to Fudan University, China)

PD4-2 Early detection and risk stratification of pancreatic cancer via plasma cell-free DNA methylome

..... Qian Zhan (Ruijin Hospital, China)

PD4-3 Usefulness of Regional Medical Cooperation (KINOKUNI Project) for Early Diagnosis of Pancreatic Cancer

..... Yuki Kawaji (Wakayama Medical University, Japan)

PD4-4 Usefulness of Regular Follow-up of Patients with Suspected IPMN for Early Diagnosis of Pancreatic cancer

..... Shin Miura (Tohoku University, Japan)

PD4-5 Molecular barcode sequencing using duodenal fluid for profiling genomic alterations in pancreatic neoplasms

..... Yusuke Ono (Sapporo Higashi Tokushukai Hospital, Japan)

PD4-6 Can Long-term IPMN Surveillance Improve the Prognosis of Pancreatic Ductal Adenocarcinoma?

..... Hiroki Oyama (The University of Tokyo, Japan)

■Panel Discussion 5

Strategy for surveillance of pancreatic cancer

JULY 9 (8 : 50–10 : 20) Room 1 (Main Hall, 1F)

Moderators : Reiko Ashida (Wakayama Medical University, Japan)

Chigusa Morizane (National Cancer Center Hospital, Japan)

PD5-1 TBA

..... Marcia Canto (The Johns Hopkins University School of Medicine, USA)

PD5-2 Surveillance for High-Risk Groups for Detection of Early Stage Pancreatic Cancer～Focusing on IPMN and Familial Pancreatic Cancer～

..... Susumu Hijioka (National Cancer Center Hospital, Japan)

■Panel Discussion 6

Managements of the small non-functioning PanNEN

JULY 9 (10 : 30–12 : 00) Room 3 (Room B-1, 2F)

Moderators : Massimo Falconi (Università Vita-Salute San Raffaele Hospital IRCCS, Italy)

Atsushi Kudo (Tokyo Medical and Dental university, Japan)

Ryuichiro Doi (Otsu Red Cross Shiga Hospital, Japan)

PD6-1 'Principles for the managements of small non-functioning PanNEN

..... Carlos Fernandez-del Castillo (Massachusetts General Hospital and Harvard Medical School, USA)

PD6-2 Observation versus resection for small non-functioning PanNEN : from a viewpoint of medical oncologists

..... Pamela Kunz (Smilow Cancer Hospital, USA)

PD6-3 Managements of the small non-functioning PanNEN

..... Xavier Keutogen (The University of Chicago, USA)

PD6-4 Surgical indications of organ preserving surgery for small pancreatic neuroendocrine tumors

..... Takahiro Tsuchikawa (Hokkaido University, Japan)

- PD6-5 How do we select surgical procedure for neuroendocrine neoplasm in the left side of the pancreas?
..... Ippei Matsumoto (Kindai University, Japan)
- PD6-6 The optimal indication of tumor enucleation for non-functional pancreatic neuroendocrine neoplasm
..... Yosuke Kasai (Nagahama City Hospital, Japan)
-

■Panel Discussion 7

Total neoadjuvant therapy for pancreatic cancer

JULY 9 (10 : 30 – 12 : 00) Room 4 (Room B-2, 2F)

Moderators : Cristina Ferrone (Massachusetts General Hospital and Harvard Medical School, USA)
Itaru Endo (Yokohama City University, Japan)
Toshiaki Rikiyama (Saitama Medical Center, Jichi Medical University, Japan)

- PD7-KL Total neoadjuvant therapy for pancreatic cancer
..... Cristina Ferrone (Massachusetts General Hospital and Harvard Medical School, USA)
- PD7-1 Study on the necessity of NAC in R-PDAC and optimal NAC regimen in BR-PDAC
..... Shigenori Ei (Tokai University, Japan)
- PD7-2 Role of neoadjuvant therapy for patients with resectable or borderline resectable pancreatic cancer
..... Motokazu Sugimoto (National Cancer Center Hospital East, Kashiwa, Japan)
- PD7-3 Preoperative prognostic factors in patients with R- and BR-pancreatic cancer who underwent neoadjuvant therapy
..... Toshimichi Asano (Hokkaido University, Japan)
- PD7-4 The significance of neoadjuvant therapy for resectable and borderline resectable pancreatic cancer patients
..... Hirofumi Akita (Osaka International Cancer Institute, Japan)
- PD7-5 Neoadjuvant chemoradiotherapy significantly improves the prognosis in R and BR-PV pancreatic cancer.
..... Minako Nagai (Nara Medical University, Japan)

- PD7-6 Strategy of neoadjuvant therapy for resectable/borderline resectable pancreatic cancer
..... Daisuke Hashimoto (Kansai Medical University, Japan)
- PD7-7 Efficacy of neoadjuvant IMRT treatment compared with neoadjuvant chemotherapy for BR-A pancreatic cancer
..... Naoto Nakamura (Kyoto University, Japan)
-

■Panel Discussion 8

膵癌克服に向けた患者会と学会とのコラボレーション

JULY 9 (15:40-17:10) Room 2 (Room A, 2F)

Moderators : 真島 喜幸 (NPO 法人パンキャンジャパン理事長)
高折 恭一 (長浜市病院事業管理者)

- PD8-1 Message from Pancreatic Cancer Action Network
..... Julie Fleshman (President and CEO of Pancreatic Cancer Action Network (PanCan), USA)
- PD8-2 膵臓がん撲滅と患者・市民参画 (PPI)
..... 真島 喜幸 (NPO法人パンキャンジャパン理事長)
- PD8-3 患者・市民参画診療ガイドラインの作成
..... 奥坂 拓志 (国立がん研究センター中央病院肝胆膵内科)
- PD8-4 切除不能局所進行膵がんに対し保険適用となった粒子線治療をどのように活用すべきか
..... 沖本 智昭 (兵庫県立粒子線医療センター放射線科 / 市民のためのがん治療の会)

■Workshop 1

Indication of surgery and the optimal treatment for elderly patients with pancreatic cancer

JULY 7 (14 : 20–15 : 50) Room 3 (Room B-1, 2F)

Moderators : Masayuki Sho (Nara Medical University, Japan)

..... Masaji Tani (Shiga University of Medical Science, Japan)

..... Jin-Young Jang (Seoul National University, Korea)

WS1-KL Surgical treatment for elderly patients with pancreatic cancer

..... Sun-Whe Kim (Chung-Ang University Gwang-Myeong Hospital, Korea)

WS1-1 Optimal RDI in the first 4 weeks during nab-PTX plus GEM for older patients with advanced pancreatic cancer in Japan

..... Kiyotsugu Iede (Higashiosaka City Medical Center, Japan)

WS1-2 Indication of Chemotherapy for elderly patients with advanced pancreatic cancer

..... Satoshi Kobayashi (Kanagawa Cancer Center, Japan)

WS1-3 Optimal Indication of Surgery for Elderly Patients with Pancreatic Cancer

..... Masayuki Sho (Nara Medical University, Japan)

WS1-4 Feasibility and perioperative safety of pancreaticoduodenectomy in elderly patients

..... Jingyong Xu (Beijing Hospital, China)

WS1-5 Neoadjuvant chemotherapy with gemcitabine and S-1 in elderly patients with resectable pancreatic cancer

..... Kei Saito (The University of Tokyo, Japan)

WS1-6 What is an optimal treatment for elderly patients with resectable and borderline resectable pancreatic ductal adenocarcinoma?

..... Sohei Satoi (Kansai Medical University, Japan)

■Workshop 2

Basic & translational researches on PanNEN : bench to bedside

JULY 8 (14 : 20–15 : 50) Room 3 (Room B-1, 2F)

Moderators : Aldo Scarpa (University of Verona, Italy)

Yuzo Kodama (Kobe University, Japan)

Hideaki Ijichi (The University of Tokyo, Japan)

- WS2-KL Novel genetic insights of pancreatic neuroendocrine tumors
..... Aldo Scarpa (University of Verona, Italy)
- WS2-1 Patient-derived xenograft models for pancreatic neuroendocrine neoplasms
..... Eric Nakakura (University of California San Francisco, USA)
- WS2-2 Origins of Local and Distant Metastases in Pancreatic Neuroendocrine Tumors
..... Jiang Yu (Shanghai Jiaotong University, China)
- WS2-3 Methylation and mRNA analysis of differential genes of primary tumor and liver metastasis in pNEN
..... Liu Yueze (Peking Union Medical College Hospital, China)
- WS2-4 Evaluation of the efficacy of Ispinesib, a novel Eg5 inhibitor, for the treatment of high grade Pan-NENs
..... Hiroaki Ono (Tokyo Medical and Dental University, Japan)
- WS2-5 Suppressing effect of metformin for pancreatic neuroendocrine neoplasm : experimental study on mitochondrial function
..... Shogo Maruzen (Kanazawa University Hospital, Japan)
- WS2-6 Modal analysis of serum with proton nuclear magnetic resonance for diagnosis of pancreatic NEN
..... Akitada Yogo (Kyoto University, Japan)

■Workshop 3

ERAS for pancreatic surgery

JULY 8 (16 : 00–17 : 30) Room 4 (Room B-2, 2F)

Moderators : Olle Ljungqvist (Örebro University, Sweden)

Harumasa Ohyanagi (Osaka Gyoumeikan Hospital, Japan)

Shugo Ueda (Nagahama City Hospital, Japan)

WS3-1 ERAS for Pancreatic Surgery—Surgeon Perspective

..... Mustapha Adham (Edouard Herriot Hospital, France)

WS3-2 ERAS for Pancreatic Surgery—The Anaesthetist's Perspective

..... Vera Lim (Tan Tock Seng Hospital, Singapore)

WS3-3 Induction of ERAS Implementation Program at Nagahama City Hospital

..... Shugo Ueda (Nagahama City Hospital, Japan)

WS3-S Special Remarks

..... Olle Ljungqvist (Örebro University, Sweden)

■Workshop 4

Precision medicine for pancreatic cancer

JULY 8 (7 : 10–8 : 40) Room 5 (Room C-1, 1F)

Moderators : Toru Furukawa (Tohoku University, Japan)

Ralph Hruban (The Johns Hopkins University School of Medicine, USA)

WS4-1 Precision medicine for pancreatic cancer

..... Laura Wood (The Johns Hopkins University, USA)

WS4-2 Circulating Cell free DNA in the Pancreatic Cancer Patients : Characteristic Analysis and the Application in Early Detection and Prognosis Prediction

..... Wenhui Lou (Zhongshan Hospital, Fudan University, China)

■Workshop 5

Current status and future perspective of auto islet transplantation

JULY 9 (8 : 50–10 : 20) Room 3 (Room B-1, 2F)

Moderators : Takayuki Anazawa (Kyoto University, Japan)

Masayuki Shimoda (National Center for Global Health and
Medicine, Japan)

Timothy Gardner (Dartmouth-Hitcoccock Medical Center, USA)

WS5-KL Current status and future perspective of auto islet transplantation
..... Timothy Gardner (Dartmouth-Hitcoccock Medical Center, USA)

WS5-1 The importance of islet isolation for total pancreatectomy with islet
autotransplantation during chronic pancreatitis treatment
..... Takayuki Anazawa (Kyoto University, Japan)

WS5-2 What's the role of Total Pancreatectomy with Islet Autotransplantation
(TPIAT) ?
..... Gumpel Yoshimatsu (Fukuoka University, Japan)

WS5-3 Prediction of diabetes outcome in recipients of total pancreatectomy
and islet autotransplantation
..... Yoshihide Nanno (Kobe University, Japan)

WS5-4 Total pancreatectomy and islet autotransplantation for painful chronic
pancreatitis in our center
..... Masayuki Shimoda (National Center for Global Health and
Medicine, Japan)

■Special Seminar

JULY 8 (11 : 00–12 : 00) Room 1 (Main Hall, 1F)

Moderator : 白鳥 敬子 (東都クリニック)

SS How to improve presentation skill in English
英語プレゼンテーション成功の秘訣
..... 北爪佐知子 (近畿大学理事)

■JPS シンポジウム 1

脾癌取扱い規約第7版の再評価—局所進展度因子と resectability 別治療成績—

JULY 8 (16:00-17:30) Room 5 (Room C-1, 1F)

Moderator : 海野 倫明 (東北大学消化器外科学)

JPS-SY1-1 脾癌取扱規約第7版におけるT因子の再評価—腫瘍径と脾局所進展度因子からみて
..... 岸和田昌之 (日本脾臓学会脾癌取扱い規約委員会T因子検討ワーキンググループ / 三重大学肝胆脾・移植外科)

JPS-SY1-2 脾癌取扱い規約 リンパ節分類の改訂に向けて
..... 藤井 努 (富山大学学術研究部医学系消化器・腫瘍・総合外科)

JPS-SY1-3 脾癌患者における腹腔洗浄細胞診 (CY) の再評価
..... 里井 壮平 (脾癌取り扱い規約委員会CYサブグループ)

JPS-SY1-4 EUS-FNAB検体診断の再評価
..... 古川 徹 (東北大学大学院医学系研究科病態病理学分野)

JPS-SY1-5 薬物・放射線治療後の組織学的效果判定基準の再評価
..... 福嶋 敬宜 (自治医科大学医学部病理学・病理診断部)

■JPS Symposium 2

脾疾患患者サポートに対する多職種連携

JULY 9 (13:45-15:45) Room 3 (Room B-1, 2F)

Moderators : 古川 正幸 (国立病院機構九州がんセンター)

岸和田昌之 (三重大学病院肝胆脾・移植外科)

JPS-SY2-1 脾切除術後の栄養摂取状況と栄養状態
..... 横山 麻実 (弘前大学医学部附属病院栄養管理部)

JPS-SY2-2 脾疾患に伴う脾性糖尿病の患者サポート—薬剤師の立場から
..... 松本 裕子 (弘前記念病院薬剤科)

JPS-SY2-3 脾性糖尿病における血糖コントロールおよび栄養状態改善に対する多職種介入の取り組み
..... 山一 真彦 (弘前大学大学院医学研究科内分泌代謝内科学講座)

JPS-SY2-4 大阪—北海道を結ぶハイブリッド脾がん教室の開催—withコロナ時代における患者教室の検討—
..... 山田真佐美 (大阪国際がんセンター看護部)

- JPS-SY2-5 Webを用いた合同膵がん教室開催から得た今後の膵がん教室の展望
..... 田中 豊子 (大阪国際がんセンター看護部)
- JPS-SY2-6 膵癌術前患者におけるコロナ禍での膵がん教室運営の工夫
..... 宮野 茜 (大阪国際がんセンター看護部)
- JPS-SY2-7 多職種連携チームによる膵癌患者に対する治療と仕事の両立支援
..... 本田 優子 (大阪労災病院治療就労両立支援センター)
- JPS-SY2-8 当院の膵がんゲノム診療における多職種連携の取り組み
..... 保坂 千秋 (横浜市立大学附属市民総合医療センター遺伝子診療科 / 横浜市立大学附属病院遺伝子診療科)
- JPS-SY2-9 ペプチド受容体放射線核種治療 (PRRT) 導入に向けた多職種・多部門連携の重要性
..... 高田 良司 (大阪国際がんセンター肝胆膵内科)

■Reports from JPS research group of pancreatitis

膵炎調査研究

JULY 8 (14:40-15:50) Room 5 (Room C-1, 1F)

Moderators : 竹山 宜典 (近畿大学外科)

正宗 淳 (東北大学大学院医学系研究科消化器病態学分野)

- R1-1 膵炎全国調査
..... 菊田 和宏 (東北大学大学院医学系研究科消化器病態学)
- R1-2 ERCP後膵炎ガイドライン改訂に向けて
..... 向井俊太郎 (東京医科大学消化器内科学分野)
- R1-3 無痛性膵石に対する結石治療の成績と長期予後に関する多施設後方視的研究
..... 池浦 司 (関西医科大学内科学第三講座)
- R1-4 自己免疫性膵炎における診断基準の変遷と自己免疫性膵炎臨床診断基準2018の評価
..... 内田 一茂 (高知大学医学部消化器内科学)

■Reports of JPS clinical research

膵疾患臨床試験結果報告

JULY 9 (13:40-15:10) Room 5 (Room C-1, 1F)

Moderators: 里井 壮平 (関西医科大学外科学)

児玉 裕三 (神戸大学大学院医学研究科内科学講座消化器内科学分野)

- R2-1 急性膵炎発症が生活の質に及ぼす影響についての多施設共同前向きコホート研究
..... 上野 真行 (倉敷中央病院消化器内科 / 京都大学大学院医学研究科消化器内科学)
- R2-2 実臨床データを用いた膵癌術後補助化学療法の至適投与期間に関する検討
..... 江口 英利 (大阪大学大学院医学系研究科消化器外科学消化器外科)
- R2-3 残膵癌における先行膵癌との分子病理学的および臨床病理学的検討
..... 鈴木 修司 (東京医科大学茨城医療センター消化器外科消化器外科)
- R2-4 脳腺房細胞癌の実態調査—多施設共同研究—
..... 菅野 敦 (自治医科大学内科学講座消化器内科学)
- R2-5 本邦における外科的切除された2cm以下の膵神経内分泌腫瘍の臨床病理学的所見および術後再発因子の検討—多施設研究による1514例の結果—
..... 肖岡 範 (国立がん研究センター中央病院肝胆膵内科)
- R2-6 膵腫瘍に対する超音波内視鏡下穿刺吸引生検後の穿刺経路腫瘍細胞播種の前向き全国調査
..... 北野 雅之 (和歌山県立医科大学第二内科)
- R2-7 Invasive IPMCに対する術後補助療法の有用性に関する後ろ向き観察研究
..... 廣野 誠子 (兵庫医科大学肝胆膵外科)

■Educational Lecture 1

JULY 9 (15:20-15:50) Room 1 (Main Hall, 1F)

Moderator: 伊藤 鉄英 (福岡山王病院膵臓内科・国際医療福祉大学医学部消化器内科)

EL1 膵の生理と生化学

..... 石黒 洋 (名古屋大学大学院医学系研究科健康栄養医学)

■Educational Lecture 2

JULY 9 (16:00-16:30) Room 1 (Main Hall, 1F)

Moderator: 伊藤 鉄英 (福岡山王病院膵臓内科・国際医療福祉大学医学部消化器内科)

EL2 急性膵炎診療ガイドライン2021のポイント

..... 廣田 衛久 (東北医科大学内科学第二 (消化器内科))

■Educational Lecture 3

JULY 9 (16:40-17:10) Room 1 (Main Hall, 1F)

Moderator: 里井 壮平 (関西医大外科学科)

EL3 自己免疫性膵炎の診断と治療の現状とその問題点

..... 内田 一茂 (高知大学医学部消化器内科学)

■Educational Lecture 4

JULY 9 (17:20-17:50) Room 1 (Main Hall, 1F)

Moderator: 里井 壮平 (関西医大外科学科)

EL4 膵管内乳頭粘液性腫瘍 (IPMN) ー診断・治療・経過観察ー

..... 山口 武人 (独立行政地域医療機能推進機構船橋中央病院)
