

The 16th JSGE-AGA Joint Meeting

DAY2

Time & Date : 8 : 30~11 : 00, Friday, April 16, 2021

Place : Room 6 (3F, Grace Room, Keio Plaza Hotel)

Main Theme : Single Cell Analysis in Digestive Diseases

Opening Remarks (8 : 30~8 : 35)

Tetsuo Takehara (The Department of Gastroenterology and Hepatology,
Osaka University Graduate School of Medicine, Japan)

Session (8 : 35~10 : 55)

Moderator : Tetsuo Takehara (The department of Gastroenterology and Hepatology, Osaka
University Graduate School of Medicine, Japan)

- AGA-1 Cell maps to mucosal homeostasis
Ramnik J Xavier (Broad Institute of MIT and Harvard, USA)
- AGA-2 Single-cell atlas of tumor cell evolution in response to therapy in hepatocellular
carcinoma and intrahepatic cholangiocarcinoma
Xin Wei Wang (Liver Cancer Program and Laboratory of Human
Carcinogenesis, Center for Cancer Research, National Cancer
Institute, USA)
- AGA-3 Involvement of hepatic stellate cells in the microenvironment of hepatocellular
carcinoma
Hayato Hikita (Department of Gastroenterology and Hepatology, Graduate
School of Medicine, Osaka University, Japan)
- AGA-4 Single-cell characterization of gut T-helper cell heterogeneity in homeostasis and
colitis
Yohei Mikami (Division of Gastroenterology and Hepatology, Department of
Internal Medicine, Keio University School of Medicine, Japan)

Closing Remarks (10 : 55~11 : 00)

Tetsuo Takehara (The Department of Gastroenterology and Hepatology,
Osaka University Graduate School of Medicine, Japan)
